[www.coryslaught.com](http://www.coryslaught.com)

Passionate UX Designer with proven experience in combining the creative and development sides of product design. Experience optimizing information architecture and visual design for brands such as Right View Pro, Dogs Without Borders, and Child's Play to maximize user retention and bolster user confidence.

---

## Experience

### UX/UI Designer / Child's Play Charity

FEBRUARY 2019 / UCLA EXTENSIONS

- Visualized a Used Item Donation user flow for the Child's Play website validating an entirely new donation based revenue stream.
- Crafted a shipping wizard modal significantly simplifying the shipping process for users.
- [Prototype link >>](#)

### UX/UI Designer / Dogs Without Borders

NOVEMBER 2018 / UCLA EXTENSIONS

- Completely re-branded and redesigned Dogs Without Borders Website dramatically improving user confidence levels in user testing.
- [Prototype link >>](#) [Case study Link >>](#)

### Web Designer & Developer / Right View Pro

JUNE 2017 – JUNE 2018 / TORRANCE, CA

- Shaped a unified brand identity redesigning the client's website using existing promotional material.
- Negotiated an information architecture overhaul, streamlining navigation.
- Achieved a simplified and usable back end by researching and implementing Craft's content management system.
